PRODUCT DESIGN, FED & BRAND MANAGEMENT

I'm a product designer specializing in UX, UI, front-end development, brand identity, and multimedia design. With my skills and expertise, I create visually appealing designs that align with the needs of my clients. My portfolio showcases a variety of projects that highlight my ability to bring innovation and creativity to my work.

2021 - PRESENT / NUTUN / UX, UI & FRONT END DEVELOPER

At present, I am a UX, UI and FED specialist at Nutun, where we have developed and oversee several fintech web-based products. Our portfolio includes a digital debt collection system tailored for white-labeling, designed to meet the specific needs of international clients in telecommunications and energy industries. We've also expanded our offerings with advanced business support and management systems.
